- GREETINGS FROM UKRAINE: THE SMCK ON REEL DOCUMENTARY

## CHIEN YU LIU

My body of work is inspired by the watery landscape of southern Taiwan. Its ecosystem has been mindfully conserved by the locals. As a result, the number of endangered species has greatly increased within decades.

I use the manual skills of metalworking in my practice, particularly hammering. It allows me to create intimacy with the materials and with my audience.

*(Un)Avisible Secrets by Alliges and The Space Between by Precious Collective during Schmuck Jewelry Week of Munich 2024.*
